

## **Temporary / Emergency School Closures**

From time-to-time, schools are temporarily closed for emergency reasons.

The superintendent may make the decision to temporarily close any or all district schools when the safety of students and staff may be compromised.

Parents, students and school district staff will be informed over the local media (98.9FM, 97.3FM).

Every attempt will be made to post school closure announcements on the school district website, but it cannot be guaranteed. If there is no announcement on this website, please be sure to listen to the local radio stations.
