SCHOOL DISTRICT MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements and supporting schedules of The Board of Education of School District No. 71 (Comox Valley) ("the Board") have been prepared by school district management which has responsibility for their preparation, integrity and objectivity. The financial statements and schedules, including notes, have been prepared in accordance with Canadian generally accepted accounting principles for not-for-profit organizations.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school district's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that the accounting records may be relied upon to properly reflect the school district's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong budgetary system of control.

The Board's Responsibility

The ultimate responsibility for the financial statements lies with the Board. The Board has reviewed and approved the financial statements.

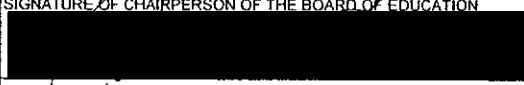

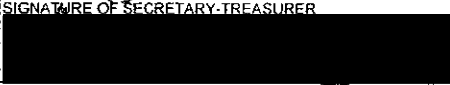

External Auditors

The Board appoints external auditors to audit the financial statements. The external auditors have full and free access to school district records, and present their report to the Board.

AUDITORS' REPORT TO THE BOARD OF EDUCATION OF SCHOOL DISTRICT NO. 71 (COMOX VALLEY)

We have audited the statement of financial position of School District No. 71 (Comox Valley) as at June 30, 2010 and the statements of revenue and expense, changes in fund balances and cash flows for the year then ended. These financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the School District as at June 30, 2010 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The current year's supplementary information included in Schedules A1 through C5 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

SCHOOL DISTRICT NO. 71 (COMOX VALLEY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010

NOTE 1 AUTHORITY AND PURPOSE

The School District operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 71 (Comox Valley)", and operates as "School District No. 71 (Comox Valley)." A board of education (Board) elected for a three-year term governs the School District. The School District provides educational programs to students enrolled in schools in the District, and is principally funded by the Province of British Columbia through the Ministry of Education.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES

These financial statements were prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP) for not-for-profit organizations.

The deferral method of accounting for contributions, which includes government grants, is used. Results are reported in the operating fund, special purpose funds and capital fund. Revenues and expenses are recorded on a gross and accrual basis.

Statement 2 (Statement of Revenue and Expense), Statement 3 (Statement of Changes in Fund Balances) and Statement 4 (Statement of Cash Flows) present annual results of each fund, changes in fund balances and cash flows for the year. Statement 1 (Statement of Financial Position) presents the assets, liabilities and fund balances as at June 30th. Interfund transfers and loans are recognized in each fund and eliminated in the consolidated totals.

a) Fund Accounting

The resources and operations of the School District are segregated into various funds for accounting and financial reporting purposes based on the types of restrictions on the use of contributions by governments or other granting agencies, and appropriations or other internal restrictions by the Board. While separate accounts are maintained for each fund, for financial reporting purposes, funds with similar characteristics are grouped together:

- Operating fund reports assets, liabilities, revenues and expenses for general operations.
- Special purpose funds report assets, liabilities, revenues and expenses for:
 - Contributions restricted in use by the *School Act* or Ministry of Education.
 - Contributions restricted in use by other external bodies.
 - Funds collected and used at the school level (i.e. school-generated funds).
- Capital fund reports assets, liabilities, revenues and expenses for capital. Contributions of other funds used for capital purposes are transferred to the capital fund.

b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities with original terms to maturity of three months or less when purchased.

c) Accounts Receivable

Accounts receivable are shown net of allowance for doubtful accounts.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND
REPORTING PRACTICES (Continued)**

d) Prepaid Expenses

Materials and supplies held in central stores for use within the District are included as a prepaid expense and stated at acquisition cost using the first-in-first-out method. Textbooks and other teaching supplies are expensed as purchased. Other prepaid expenses include prepaid insurance and service agreements.

e) Capital Assets

The following criteria apply:

- Capital assets acquired or constructed are recorded at cost. Donated capital assets are recorded at their fair market value on the date of donation.
- Sites and buildings that no longer contribute to the ability of the District to provide services are written-down to residual value.
- Buildings that are demolished or destroyed are written-off.
- Amortization is recorded on a straight-line basis over the estimated useful life of the asset.

Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years

f) Revenue Recognition

Unrestricted operating government grants are recognized as revenue when received or receivable. Such grants, if contributed for a future period, are deferred and reported as deferred contributions until that future period. Other unrestricted revenue, including tuition fees and sales of services/products are reported as revenue when services are provided or products delivered.

Externally restricted contributions, grants, and donations are reported as revenue depending on the nature of restrictions imposed on the use of the funds by the contributors:

- Non-capital contributions for specific purposes are recorded as deferred contributions and recognized as revenue in the year related expenses are incurred.
- Contributions restricted for capital purposes are recorded as deferred contributions until the amount is expended.
 - If the capital asset is a site, the amount expended is recorded as a direct increase to net assets invested in capital assets.
 - If the capital asset is not a site, the amount expended is recorded as a deferred capital contribution and amortized over the useful life of the asset.
 - Donated capital assets are recorded at fair market value and treated as a deferred capital contribution.

g) Expenses

- Categories of Salaries
 - Principals, Vice Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice Principals.
 - Superintendent, Assistant Superintendent, Secretary-Treasurer, Board of Education and other employees excluded from union contracts are categorized as Other Professionals.

- Allocation of Costs
 - Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to regular programs.
 - Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
 - Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
 - Supplies and services are allocated based on actual identification of program.

h) Financial Instruments

Financial instruments consist of cash and cash equivalents, accounts receivable, long term receivable, accounts payable and accrued liabilities and other current liabilities. It is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from these financial instruments.

The School District has designated all of its cash and cash equivalents as held for trading, and carries them at fair value with changes in fair value recognized in investment income. Accounts receivable and long term receivables are classified as loans and receivables; accounts payable and accrued liabilities and other current liabilities are classified as other liabilities, all of which are measured at amortized cost.

The School District has elected to continue to apply the financial instruments disclosure and presentation standards in accordance with Section 3861.

SCHOOL DISTRICT NO. 71 (COMOX VALLEY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND REPORTING PRACTICES (Continued)

i) Use of Estimates

Preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that impact reported amounts for assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

j) Employee Future Benefits

The School District provides certain post-employment benefits including accumulated sick and retirement allowances for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs under employee future benefit plans. The future benefits cost is actuarially determined using the projected unit credit method pro-rata on service and using management's best estimate of expected salary escalation, termination and retirement rates and mortality. The discount rate used to measure obligations is based on market rates at the measurement date.

The excess of cumulative unrecognized actuarial gains (losses) over 10 percent of the accrued benefit obligation is amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan. The EARSL for employees of the School District is 8.4.

The most recent valuation of the obligation was performed at March 31, 2010 and projected to June 30, 2014. The next valuation will be performed at March 31, 2013 for use at June 30, 2013. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted.

k) Asset Retirement Obligations

The fair value of a liability for an asset retirement obligation is recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. The associated retirement costs are capitalized as part of the carrying amount of the long-lived assets and depreciated over the life of the asset. At this time the School District has determined that there are no significant asset retirement obligations.

l) Investment Income

Investment income, which is recorded on the accrual basis, includes interest income earned on cash balances and realized and unrealized gains and losses.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND
REPORTING PRACTICES (Continued)**

m) Changes in Accounting Standards

Effective July 1, 2009 the School District adopted changes to Section 1000, *Financial Statement Concepts*, Section 4400, *Financial Statement Presentation by Not-for-Profit Organizations*, and EIC-123, "Reporting Revenue Gross as a Principal Versus Net as an Agent", which clarifies that revenues and expenses must be recognized on a gross basis when a not-for-profit organization (NPO) is acting as a principal in the subject transactions and may only be reported on a net basis when acting as an agent.

Section 1000 has been amended to clarify the criteria for recognition of an asset or liability, removing the ability to recognize assets or liabilities solely on the basis of matching revenue and expense items. Section 4400 has been amended to clarify the different treatment accorded internal and external restrictions on net assets. In addition, NPOs are no longer required to report net assets invested in capital assets as a separate component of net assets. The Accounting Standards Board (AcSB) concluded that an amount shown as net assets invested in capital assets is consistent with, and should be treated in the same manner as other net asset amounts internally restricted by NPOs and reserves of profit-oriented enterprises.

Other changes adopted add improved guidance related to the application of the GAAP hierarchy and capital assets standards, and require NPOs to apply the same standards as profit-oriented enterprises with respect to interim financial statements and statements of cash flows. The School District has elected to continue to disclose net assets invested in capital assets.

The application of these changes had no impact on the School District's financial statements.

n) Future Accounting Pronouncements

The School District is currently classified as a government not-for-profit organization. Under the direction of the Public Sector Accounting Standards Board (PSAB), the School District adheres to the standards for not-for-profit (NPO) organizations in the CICA Handbook.

PSAB proposes to incorporate into the PSA Handbook the current NPO Sections (4400 Standards) of the CICA Handbook to deal with areas not currently addressed by the PSAB framework. PSAB has decided not to make any further substantive changes to the Sections at this time. The exposure draft proposes to amend the Introduction so that the PSAB standards will be applicable to all government not-for-profit organizations for fiscal periods beginning on or after January 1, 2012.

The School District intends to continue applying the existing NPO standards and is awaiting the finalization of the new standards. Once the new standards are finalized, the School District will determine the impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2010

NOTE 8 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trustee pension plans. The boards of trustees for these plans represent plan members and employers and are responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are defined. The Teachers' Pension Plan has about 48,000 active members from school districts, and approximately 27,000 retired members from school districts. The Municipal Plan has about 158,000 active members, of which approximately 23,000 are from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The most recent valuation of the Teachers' Plan as at December 31, 2008 indicated a \$291 million unfunded liability for basic pension benefits. The next valuation will be as at December 31, 2011 with results available in late 2012. The most recent valuation for the Municipal Pension Plan as at December 31, 2006 indicated a surplus of \$438 million for basic pension benefits. The next valuation will be as at December 31, 2009 with results available in 2010. The actuary does not attribute portions of the unfunded liability to individual employers. The Comox Valley School District paid \$ 6,110,298 (2009 - \$6,154,879) for employer contributions to these plans in the year ended June 30, 2010.
