

**Administrative Procedure 3007**  
***Investment Guidelines***

The Board of Education recognizes that the investment of public funds must reflect a conservative management philosophy based on three (3) fundamentals:

1. the first priority is the preservation of capital;
2. the second priority is the assurance of liquidity; and
3. the third priority is the achievement of high returns.

The guidelines which the board will use in meeting these requirements will be the Investment Guidelines prepared by the Provincial Treasury, Ministry of Finance, Province of British Columbia, which will form regulations under this administrative procedure.
