

Administrative Procedure 6011

Management of Health Conditions, Medical Emergencies and Allergies/Anaphylaxis

The Board of Education has a role in the management of health conditions and medical emergencies of students and employees.

The Board of Education has a duty of care to students and employees who are at risk from anaphylaxis while under school supervision.

In the case of student health conditions, the responsibility is shared among the student, parents, the school system and health care providers. In all cases, the development of procedures and record keeping will be done in consultation with the District's Health and Safety Officer.
