

Administrative Procedure 6033

Room and Board Costs of Students Resident on Hornby and Denman Islands and Attending School on Vancouver Island

The Board of Education will reimburse, at the rate of \$10.00 per night, parents of students residing on Hornby and Denman Islands and attending school on Vancouver Island, for the following reasons:

1. When the ferries are not running on regular schedule, which prohibits the student from returning home following regular classes and necessitating room and board arrangements on Vancouver Island.
2. Where a student is a participant in school activities approved by the principal at a time which prohibits the student from returning home in the evening because of the ferry schedule, up to a maximum of five times per student per school year. Consideration may be given to requests for additional days. Such requests shall be made through the principal to the management committee. The management committee will advise the Board of any such approvals.
