

There are signup sheets for the Numeracy Assessment outside of Student Services. Please sign up for a time that works around your other exams.

The assessment times are as follows:

**Wednesday, January 24<sup>th</sup> from 1:00-4:00 pm**

**Thursday, January 25<sup>th</sup> from 1:00-4:00 pm**

**Friday, January 26<sup>th</sup> from 9:00 am-12:00 pm**

All of the exams will be written online and partially on supplied booklets. The exams will take place in room 100, room 506 and the library. Please sign up for one room and time only. There are 78 spaces only available for each session. There will be no walk-ins allowed. If another student would like to write the assessment they can sign up for June.

### **What is the Numeracy Assessment?**

“The Numeracy Assessment is a new provincial assessment and a graduation requirement for students on the 2018 Graduation Program (all students except for this year’s Grade 12s). Students will write the assessment during their graduation years (Grades 10–12) at the most appropriate time for them. Unlike the retired Mathematics 10 Provincial Exams, the Numeracy Assessment is not tied to a specific math course. Rather, it evaluates a student’s numeracy skills developed over the course of their education. Results will be reported using a four category proficiency scale and will appear on a student’s transcript as a number, representing one of the four categories (emerging-developing-proficient-extending) (Ministry of Education, 2017).”

You have all been pre-registered to write this assessment. You may write this assessment up to 2 more times before the end of grade 12.

The following link will take you to a number of resources to help you prepare for the exam. It includes instructional videos and a link to a sample numeracy assessment.
