POST-SECONDARY FINANCIAL AID

Grants, bursaries and awards are wonderful resources to help you finance your post-secondary education because they provide **money that does not need to be paid back.**

Awards are usually awarded based on merit rather than financial need.

Grants and bursaries are usually awarded based on:

- financial need
- academic achievement
- athletic skill
- special abilities that may also be considered

Every post-secondary institution has a financial aid office providing access to their bursary and award programs as well as government and private organization programs.

LOANS

Loans are given to students proving financial need with repayment beginning after leaving post-secondary education. The criteria vary from year to year so it is important to revisit the website each year.

Students who are awarded a district scholarship receive a voucher that can be redeemed upon registration at a post-secondary institution.

SECONDARY SCHOOL APPRENTICESHIP SCHOLARSHIPS

MAXIMUM \$1,000

Students registered for the secondary school apprenticeship program may submit an application for this award within one year of graduation. For complete eligibility requirements see:
