

TAKE ACTION ON RADON

Radon is an invisible, radioactive gas that comes from the ground

Radon is in ALL buildings

The only way to know how much radon is in your home is to **TEST**

Radon is easy to TEST and easy to REDUCE

HOW TO TEST YOUR HOME FOR RADON

1. Purchase a do-it-yourself radon test kit
 - \$29.99 + \$12.95 (shipping fee)
2. Deploy the test kit for a minimum of 3 months
 - Ideal to test between September to March
3. Send the test kit back to the lab for analysis
4. Within 2-4 weeks you can access your results online
5. If the radon levels are about 200 Bq/m³, you need to consult a certified radon professional
